

Dear sirs,

I am writing to request that the FCC not repeal the rules that prohibit a media company from owning both a newspaper and a TV station in the same geographic area.

Our media has been deregulated such that one company owns over 900 radio stations and Disney controls our news.

The airwaves belong to the public, not corporations. Deregulation only hurts the American people and fosters ignorance through sensationalist newscasts.

Thank you for your time.
